

BNAM 2018

Program at a glance

	Friday 13.04
	Centerhotel Plaza
09:00 - 17:30	Master Class, Sound Insulation in Buildings with Jens Holger Rindel (optional registration)
	Saturday 14.04
	Centerhotel Plaza
09:00 - 17:30	Master Class, Sound Insulation in Buildings with Jens Holger Rindel (optional registration)
	Sunday 15.04
09:00 - ~17:00	Golden Circle Trip (optional registration)
18:00	Registration for BNAM 2018 opens in Harpa, Norðurbryggja
19:00	Tour of Harpa Concert Hall (optional registration)

Monday 16.04		
09:00	Registration and exhibition setup at Harpa, Norðurbryggja	
	Harpa, Kaldalón	
10:00	Opening	
10:10	Keynote: Birgit Rasmussen	
10:50	Coffee	
	Room A	
	Room B	
11:10	Acoustic descriptors, regulations and classification, measurement and calculation methods – Present and future	Musical acoustics, hearing, and acoustic communication
11:30		
11:50	Lunch and exhibition opening	
12:50	Acoustic descriptors, regulations and classification, measurement and calculation methods – Present and future	Musical acoustics, hearing, and acoustic communication
13:10		
13:30		
13:50		
14:10		YAN
14:30		
14:50	Coffee	
15:10	Workshop - Acoustic descriptors	YAN round table
15:30		
15:50		
17:00	Welcome reception at Reykjavík City Hall, Tjarnargata 11	

Tuesday 17.04

Harpa, Kaldalón

09:00 Keynote: Marco Paviotti

Room A

Room B

09:40
10:00
10:20
Acoustic descriptors, regulations and classification, measurement and calculation methods – Present and future

Environmental noise and outdoor noise propagation

10:40 Coffee

11:00
11:20
11:40
Hospital acoustics

Environmental noise and outdoor noise propagation

12:00 Lunch

Harpa, Kaldalón

13:00 Keynote: Constantin Coussios

Room A

Room B

13:40
14:00
14:20
Hospital acoustics

Environmental noise and outdoor noise propagation

14:40 Coffee

15:00
15:20
15:40
16:00
Hospital acoustics

16:20
16:40
Sound insulation, how to fulfil strict requirements in new and old buildings; experience with new building methods

Environmental noise and outdoor noise propagation

Duct acoustics / aeroacoustics

19:00 Conference dinner

Wednesday 18.04

Harpa, Kaldalón

09:00

Keynote: Gunnar Alexander Ólafsson

Room A

Room B

09:30

09:50

10:10

Sound insulation, how to fulfil strict requirements in new and old buildings; experience with new building methods

Industrial/machinery noise and vibrations

10:30

Coffee

10:50

11:10

11:30

Sound insulation, how to fulfil strict requirements in new and old buildings; experience with new building methods

Industrial/machinery noise and vibrations

Computational acoustics (simulation and auralisation)

11:50

Lunch

12:50

13:10

13:30

Computational acoustics (simulation and auralisation)

Acoustics for enhanced comfort and productivity in rooms

13:50

Coffee

14:10

14:30

Computational acoustics (simulation and auralisation)

Acoustics for enhanced comfort and productivity in rooms

Harpa, Kaldalón

14:50

Closing
