

Dear President,

We are pleased to announce that the 49th International Congress and Exposition on Noise Control Engineering (Inter-Noise 2020) will be held in COEX Convention Center, Seoul, Korea, 23-26 August 2020. The Congress is hosted by the Korean Society for Noise and Vibration Engineering (KSNVE) on behalf of the International Institute of Noise Control Engineering (I-INCE). The URL of Inter-Noise 2020 is <https://internoise2020.org>.

The INTER-NOISE Congresses are the largest international gathering of experts in noise control engineering each year. The INTER-NOISE Congresses have been held annually since 1972 at venues around the world. The Congresses include a large technical program consisting of papers and posters on all topics of noise control engineering.

INTER-NOISE 2020 will provide the best opportunity for engineers and scientists in all fields of acoustics to learn about and share their work with colleagues from around the world. Two plenary lectures, three keynote lectures and more than 140 technical sessions will be organized for the exchanging of views and sharing of experiences. We believe that this congress will be an invaluable experience for all participants and a great opportunity to create new memories with the Inter-Noise family in the beautiful city of Seoul. The theme of this year is "Advances in Noise and Vibration Control Technology"

The participation of your members will strengthen our collective endeavor towards the theme and contribute to global efforts in overcoming various challenges. We would appreciate if you let your members know about Inter-Noise 2020 and they would take part in Inter-Noise 2020.

Currently, the abstract submission opens at <https://internoise2020.org/abstract-papers/abstracts-2/>.
